QSI INTERNATIONAL SCHOOL OF **PÁPA**
HUNGARY

Keeping Safe: Child Protection

QSI International School of Pápa strives to provide your children with positive educational experiences that are characterized by caring, supportive relationships and free from neglect or abuse of any kind. We are committed to working with you to ensure that the school maintains this type of environment. Quality Schools International (QSI) has developed a Child Safeguarding and Protection Handbook, which has been adapted to and adopted by our school. Protocols outlined in the handbook are aligned with the QSI Mission Statement, Exit Outcomes, and Success Orientations. To help our students to learn and grow in a safe environment, the following educational components are included in the school's Child Safeguarding and Protection plan:

- Age-appropriate lesson plans to foster understanding personal safety, needs, and rights in each classroom.
- Parent information sessions and resources regarding the school's Child Safeguarding and Protection programs and policies.
- Faculty and staff professional development workshops on recognizing and reporting child abuse and neglect.

Thank you for your support in maintaining a school and community in which students, staff, and parents feel safe and happy. If you have any questions about the Child Safeguarding and Protection plan or any other school policies, please don't hesitate to contact me (jc-sanders@qsi.org).
